Proposal – Project Report and Method Statement Preparation Services as well as Business Proposal, Presentation, Planning and advisory services.

We undertake preparation of SME IPO / fund raise consulting reports, DPRs, project funding reports, and professional presentations tailored to client requirements. Our pricing starts at a minimum of ₹8,000 for reports up to 30 pages, with additional pages charged at ₹400 per page thereafter. Technical drawings are charged separately at ₹1,000 per drawing. Product compliance documentation, when combined with DPR and related advisory, is priced from a minimum of ₹8,000 or USD 100. All deliverables are structured to meet professional, regulatory, and investor-ready standards.

Special – Project Report

We specialize in preparing professional-grade project reports tailored to client needs across multiple industries such as Infrastructure, Energy, Rail, Oil & Gas, Environment, and Urban Development. Our reports include feasibility studies, DPRs, techno-commercial analysis, and compliance documents aligned with international standards (ADB, World Bank, ISO, etc.). Complete Financial statement help along with support to your project.

Note: Scope covers plain technical writing with research and understanding. FEED (Front End Engineering Design), drawings, and detailed design costs are extra.

Sl. No.	Project Report Type	Scope / Focus Area	Pricing (₹ INR)
1	Rail Infrastructure Feasibility Report	Metro, suburban, or intercity feasibility + costing	5,000 – 3,00,000
2	Hydropower Project Report	Technical, financial & environmental study	5,000 – 4,00,000
3	Solar / Renewable Energy DPR	Solar, wind, waste-to-energy, hybrid projects	5,000 – 2,50,000
4	Environmental Impact Assessment (EIA)	Compliance, audits, sustainability roadmap	5,000 – 3,50,000
5	Roads & Highways	Traffic, soil, structural, financial	5,000 – 5,00,000

	Feasibility Report	analysis	
6	Oil & Gas / Refinery Project Report	QS, contracts, site planning, safety, audits	10,000 – 4,00,000
7	Transmission Line & Substation DPR	Techno-commercial planning for power evacuation	5,000 – 2,50,000
8	Ports, Marine & Jetty Project Report	Structural + financial feasibility, approvals	5,000 – 4,00,000
9	Industrial Plant Setup Report	Cement, steel, chemical, manufacturing plants	5,000 – 3,00,000
10	Logistics & Supply Chain Feasibility Report	Warehousing, godowns, multi-modal logistics	5,000 – 2,00,000
11	Export-Import Feasibility Report	Trade viability, compliance, costing, sourcing	5,000 – 1,50,000
12	Smart City / Urban Infra DPR	Water, waste, transport, energy integration	5,000 – 5,00,000
13	Cement / Steel Plant DPR	Industrial setup, procurement, vendor evaluation	5,000 – 3,50,000
14	Waste-to-Energy / Recycling Plant Report	Technical + financial feasibility, compliance	5,000 – 3,00,000
15	IT Parks / SEZ Project Feasibility	Infrastructure, design brief, financial viability	5,000 – 4,50,000
16	Architectural & Building Project Report (Malls, Commercial	Feasibility, costing, compliance studies	5,000 – 4,00,000

	Complexes)		
17	STP (Sewage Treatment Plant) Project Report	Techno-commercial analysis, compliance, EIA	5,000 – 3,50,000
18	Agricultural Infrastructure Feasibility Report	Irrigation, farm-to-market logistics, agro-processing	5,000 – 2,50,000
19	Renewable Energy Hybrid Projects (Solar + Wind + Hydro)	Feasibility, DPR, compliance	5,000 – 4,50,000
20	Environmental Sustainability & Climate Change Adaptation Reports	Carbon audit, compliance, green project reports	5,000 – 5,00,000

Pricing Formula:
- Base cost: ₹5,000 for up to 10 pages
- Additional pages: ₹300/page
- Final range: ₹5,000 to ₹5,00,000 (depending on complexity, depth, and data)

Terms & Deliverables

- Deliverable format: Editable Word/PDF report
- Turnaround time: As per agreed scope (typically 2–6 weeks depending on project)
- Client to provide: Available technical data, site inputs, and prior studies (if any)
- Exclusions: FEED, drawings, detailed design, procurement & execution costs
- Scope covers: Plain technical writing with research and understanding
- Support: Post-submission clarifications (up to 2 revisions)

Scope covers plain technical writing with research and understanding. FEED (Front End Engineering Design), drawings, and detailed design costs are extra

Per Drawing cost vary as per complexity of Drawing starting from 1000 INR Just so easy to 150000 per drawing case to case basis
